

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, FEBRUARY 19, 2008**, upon the application of **BLACK POOL ENERGY, LP.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Discorbis C-Het Zone, Reservoir A, the Marginulina 1-Camerina Zone, Reservoir A, and the Hayes Zone, Reservoir A**, in the Midland Field, Acadia Parish, Louisiana.

**DISCORBIS C-HET ZONE, RESERVOIR A**

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Discorbis C-Het Zone, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any wells drilled to the Discorbis C-Het Zone, Reservoir A, within or outside the unit created herein, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the Discorbis C-Het Zone, Reservoir A, by Supplemental Order without the necessity of a public hearing if the producing characteristics of such reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The Discorbis C-Het Zone, Reservoir A is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 9,276' and 9,820' (electrical log measurements) in the Oil Energy-Hoyt No. 1 Well, located in Section 47, Township 10 South, Range 1 West.

**MARGINULINA 1-CAMERINA ZONE, RESERVOIR A**

1. To establish rules and regulations and to create two (2) drilling and production units for the exploration for and production of gas and condensate from the Marginulina 1-Camerina Zone, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any wells drilled to the Marginulina 1-Camerina Zone, Reservoir A, within or outside the units created herein, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the Marginulina 1-Camerina Zone, Reservoir A, by Supplemental Order without the necessity of a public hearing if the producing characteristics of such reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The Marginulina 1-Camerina Zone, Reservoir A is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 10,168' and 10,770' (electrical log measurements) in the Oil Energy-Hoyt No. 1 Well, located in Section 47, Township 10 South, Range 1 West.

**MIDLAND FIELD**

**08-225 thru 08-227**

**HAYES ZONE, RESERVOIR A**

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Hayes Zone, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any wells drilled to the Hayes Zone, Reservoir A, within or outside the unit created herein, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the Hayes Zone, Reservoir A, by Supplemental Order without the necessity of a public hearing if the producing characteristics of such reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The Hayes Zone, Reservoir A is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 10,770' and 11,370' (electrical log measurements) in the Oil Energy-Hoyt No. 1 Well, located in Section 47, Township 10 South, Range 1 West.

Plats are available for inspection in the Office of Conservation in **Baton Rouge** and **Lafayette**, Louisiana.
